

Improving Small Business Productivity and Efficiency

Radius® CP125™ Two-Way Radios and Accessories

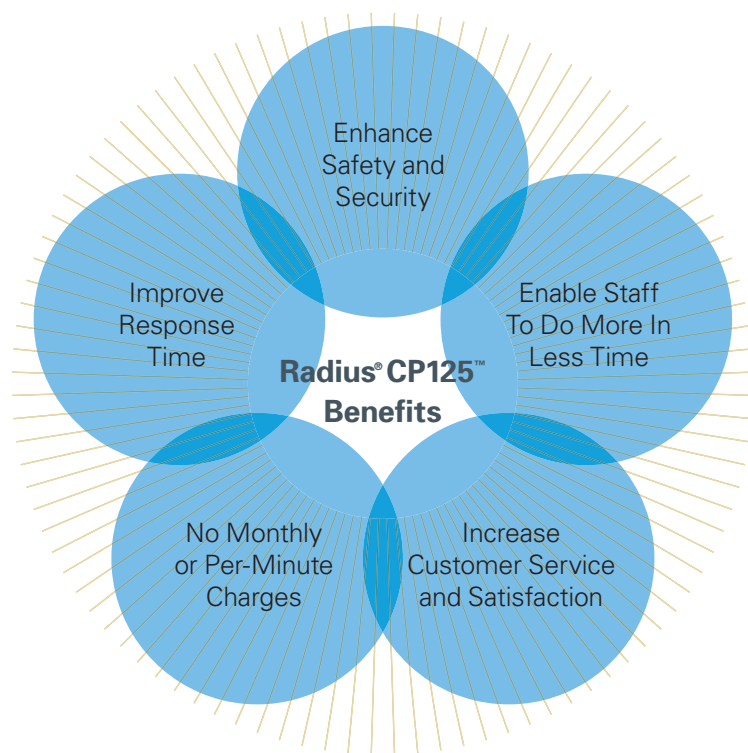

Introducing the Motorola Radius® CP125™.

A Durable, Affordable and Effective Two-Way Communications Solution.

Many businesses and schools have discovered the benefits of two-way radios for effective employee communications. And many more have been anxious to gain productivity and improve service—but have been concerned about costs or employee learning curves.

Whether you're looking to replace older two-way radios, or are considering integrating them into your operation for the first time, the Radius® CP125™ makes it easy and remarkably affordable.

The Radius® CP125™ provides instant communication that's powerful and dependable combined with simple operation. It keeps employees in touch, always able to respond to anything from a simple question to a request from a manager to an emergency. The Radius® CP125™ is the right choice for businesses seeking reliable performance and exceptional value.

IDEAL FOR:

- Educators
- Retail Outlets
- Property Management
- Hospitality

The Features You're Looking For.

With adjustable power levels and programmable function controls, the Radius® CP125™ provides users with the flexibility and features they need to succeed. Fully equipped with Voice-Activated Transmission (VOX) capabilities*, the Radius® CP125™ supports hands-free communications via an optional headset—so users can stay connected while focusing on the job at hand.

Rapid drop-in charging—now you can charge your radio in three hours with the included drop-in rapid charger.

Multi-channel capable—four channels allow you to communicate with separate workgroups.

High power—5 Watt (VHF)/4 Watt (UHF). Adjustable power levels help save battery life.

Eight-character alphanumeric display—with user-friendly icons to make information clear and easy to read.

Four front programmable buttons for such features as:

- Priority scan ON/OFF
- Adjustable power levels to save battery life
- Backlight ON/OFF
- Keypad lock so users won't change channels accidentally

VOX capabilities*—with hands-free operation with an optional headset.

Durable, lightweight design for optimal portability—ideal for employees on the move.

Long-lasting battery life—up to 11 hours of battery life, more than enough for a long work shift.

*Audio accessory required, sold separately.

Excellence in Design; Exceptional Durability

Rugged and reliable, the Radius® CP125™ two-way radio has undergone rigorous testing in the design process using U.S. Military 810 C, D, and E Standards—so you can rest assured they will hold up under demanding conditions.
